

REFURBISHED UNITS

Valid until supplies last

DX302C

Economical Natural Convection Oven

Capacity	28L
Temperature range	Room temp.+5°C ~ 300°C
Power source	115V

DX402C

Economical Natural Convection Oven

Capacity	74L
Temperature range	Room temp.+5°C ~ 300°C
Power source	115V

SK101C

Space-Saving, Low Cost Benchtop Sterilizer

Capacity	18L
Temperature range	50°C~126°C
Power source	115V

SM300

Standard Laboratory Use Sterilizer with Dryer

Capacity	32L
Temperature range	105°C ~ 128°C
Power source	115V

SN500C

Standard Lab Use Sterilizer without Dryer

Capacity	47L
Temperature range	45°C~135°C
Power source	115V

RE801

Highly functional with automatic distillation rotary evaporator

Rotary speed	20~250rpm
Motor	DC brushless motor (for rotary)
Power source	115~220V

Bath and glassware not included.

BM100

Constant Temperature Water Bath (analog)

Capacity	4L
Temperature range	Room temp.+5~95°C
Power source	115V

BM200

Constant Temperature Water Bath (analog)

Capacity	7L
Temperature range	Room temp.+5~95°C
Power source	115V

BM400

Constant Temperature Water Bath (Digital)

Capacity	7L
Temperature range	Room temp.+5~95°C
Power source	115V
